Quarter Horse Day

Indiana Downs 2011

For the second straight year Quarter Horse Day at Indiana Downs was a huge success, if you missed it, you missed the biggest day of Quarter Horse racing in the history of Indiana. Every single statistic that can be measured was up, up, up, purse money paid out, number of races, number of starters, live handle, simulcasting handle, even hot dog sales. Hoosiers are starving for Quarter Horse racing and on July 2nd they got an opportunity to enjoy a big QH racing celebration while watching a full card of the "Fastest Horses on the Track".

- Over \$650,000 in purse money was paid out, the most money paid out in QH races in Indiana History.
- Over \$82,000 was bet live at the track during the races a new record not only for QH races, but one of the highest live handles in the history of Indiana Downs.
- In excess of \$350,000 was wagered around the country on the QH races on July 2nd, this is a big increase over last year.
- There were 98 starters, we believe this is a record number of starters on a 10 race card at Indiana Downs.
- Attendance is hard to measure, but everyone from track announcer and the stewards (who have a birds eye view) to betting tellers, security and paddock officials, all agreed that this was the biggest crowd they had ever seen for a day of live racing at Indiana Downs.

Pictures provided by Photos by Shelley©

Horsemen, their families, friends and special guests enjoyed a catered luncheon compliments of Indiana Downs and QHRAI.

QHRAI President Chris Duke and AQHA Racing "Ace" Jennifer Hancock provided handicapping tips to patrons at Quarter Horse Day.

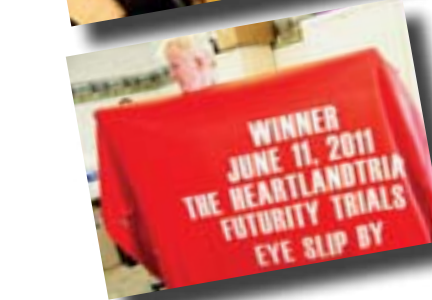

Hats and more hats!! The most popular recognition and promotion item given to trainers and owners of the finalist in each of the stake races that were ran on July 2nd.

Kelly Wilson of Fairview Union Bad sang the national anthem at pre race festivities and Congress Queen Brittany Barker presented trophies to the Stakes Winners in the the Winners Circle.

Personalized halters and leather leads were also presented to the connection of the finalist in each of the stake races.

QHRAI Director and Vice President, Roger Lewis, models the coolers that were presented to the trial winners for each of the stake races.

Tom Mosley, Q.H.R.A.I. Director of Industry Relations, Presents Butch Cook, Indiana Downs Racing Secretary, with a plaque from the Quarter Horse Racing Association Board of Directors, It's members, and the horsemen they represent, recognizing him for all of his great work and dedication with Indiana Downs and the Q.H.R.A.I. We wish you well in your retirement Butch!!

Kelly Wilson sings the National Anthem prior to the first race!!

Dan Golando, AKA the Q.H.R.A.I. Bugler, added a special treat to the day by playing the "Call to Post" as the horses entered the track for each race.

The paddock area was crowded with people watching the horses get ready for the races, and they filled the grandstand area, and lined the race track fence watching THE FASTEST HORSES ON THE TRACK!!

After the races, Horsemen and their families, fans, and special guests enjoyed Free Pizza and Live Entertainment by the Fairview Union Band.

The Quarter Horse Racing Association of Indiana would like to give a special THANK YOU to Jon and Janie Schuster, Chef Greg, and all the Indiana Downs Family who contributed to making July 2, 2011, Quarter Horse Day at Indiana Downs, such a great success!!

Members of the Gate Crew provided the crowd with an up-close look of the starting gates being "popped" open.

The Gate Crew concluded the starting gate demonstration with a T-Shirt toss to the crowd!!

Chris Duke and Tom Mosley present Harley Greene with a token of appreciation from the Q.H.R.A.I. for his service and dedication to the Indiana Horse Racing Commission Breed Development Program.

HQH Burn Notice by Twaynas Dash shown winning the Jaguar Rocket Stake

Purse money and racing opportunities fill the gates for most every Quarter Horse race in Indiana, additionally they fill the QH stalls on track, as well as the boarding and training facilities near the tracks. The QHRAI worked diligently for years prior to the flow of slot money to plan for the day we would have the purse money that would make us competitive with other states offering racinos, so when that day came in the spring of 2008 we had a "plan". The officers and leaders of our association worked closely with the IHRC, Quarter Horse Breed Development and management from both tracks to unveil a program that would give the horsemen who invested in Indiana QH racing a real opportunity to make a profit in the QH racing industry in our state. After a couple of years in the books, the facts speak for themselves... the QH racing program in Indiana is one of the most successful, fastest growing programs in the country.

The 2011 spring meet at Indiana Downs has just concluded and while many of the stats look the same, (Ron Raper dominated as leading trainer, Harold Collins took the leading riding title on the last night of QH racing and Randy Thompson led the way as both owner and breeder). But as much as things seem to look the same at first glance there seems to be a very noticeable improvement of the quality of Indiana bred and sired horses, in particular 2 year olds. This is hopefully just a small sign of things to come, the constant upgrading in quality of Indiana bred and sired horses is possibly the most absolute way to secure our program in the future. The term "economic impact" and "agribusiness" were used over and over when the racino legislation was first passed, and they were the same terms used this past spring to SAVE our industry in the spring legislative session. It was just a couple of months ago that the state budget was cutting purse money for all breeds from 55 million to 29 million, at one point the QH's were getting cut from 5 million to 1.8 million, we dodged a bullet in a bad economy. But unless the racing industry wants to be first on the legislative chopping block every year we need to, or better yet HAVE to make the terms "Economic Impact" and "Agribusiness" mean something.

Breeding quality racing Quarter Horses in Indiana is the answer which will guarantee the economic activity that we need to happen. There are two specific areas of racing growth that would NOT promote this activity; 1.) Causing Indiana breeders to have a false sense of security with a mediocre breeding program, this would include sired horses to hide from breds or breds to hide from open horses. 2.) Creating a program that makes it more profitable for owners to buy open horses

rather than Indiana Breds. The amount of money spent on breeding and raising quality foals "in state" has to cause 15 to 20 times the economic activity compared to buying out of state. Quality is hard to measure, but easy to recognize. While Indiana sired and bred two year olds seem to have made a noticeable improvement, no one can go back and improve 4,5 and 6 year olds' genetics.

The QHRAI has had a very clear philosophy as it pertains to the Indiana Bred vs. Indiana Sired programs, in a nutshell it is this; the Indiana sired program had to have a couple of premier stake races or it would become obsolete in a very short period of time, that would have been a disaster. Indiana sire owners were and still are by far our biggest breeders and have spent hundreds of thousands if not millions on farms, breeding facilities and all the other expenses that go into breeding and raising babies, which is economic activity. Having said that, we couldn't create a program that promoted mediocrity, so, except for a couple of maidens and two allowances the sired and bred horses share the same overnight program. An Indiana sired horse MUST be able to compete within the bred program, if there were to be a separate sired overnight program we believe that would create a level of protectionism that would severely inhibit the quality of those breeding programs.

The Indiana bred program is a little different, because of the use of shipped semen, and rules that allow a pregnant mare to be brought into the state and foal an Indiana bred if bred back to an Indiana sire, the only ingredient needed were good purses and time. The combination of multiple \$100k stake races and the competitive nature of breeders and owners nearly ensures the rapid rate of increased quality of Indiana breds. Because of a significant increase in bonus for Indiana breds competing in open races there was a big increase in the number of breds that tested the open competition waters and they measured up well.

There have been a lot of Indiana stallions that can't be blamed for their progeny's lack of success on the race track. Breeders, lack of quality mares, management, and poor promotion share the blame. There were a lot of new breeders, owners and trainers 10 - 15 years ago. Twaynas Dash has an undefeated two year old this year who killed the breds in the Jaguar Rocket, HQH Burn Notice is out of a mare that made the consolation of the All American Futurity and is probably the best mare he has bred in Indiana. Twaynas Dash didn't know he came to Indiana, he didn't dial down his genetics, there are very few mares in Indiana who have a pedigree, produce record or race record to come close to him. Twaynas Dash is the leading sire by money earned at the Indiana Downs spring meet.

Changes aren't coming they have already happened, I suspect that the leading breeders have not only upgraded their breeding programs, but have made significant changes more than once in the past 3 years. There is a lot of money at stake in Quarter Horse racing in Indiana and that is going to drive this already competitive business, Hoosier breeders and owners are going to have to stay progressive and forward thinking to keep up. Look at the results from Indiana Downs and keep an eye on the winners circle at Hoosier Park, BREEDING RULES.

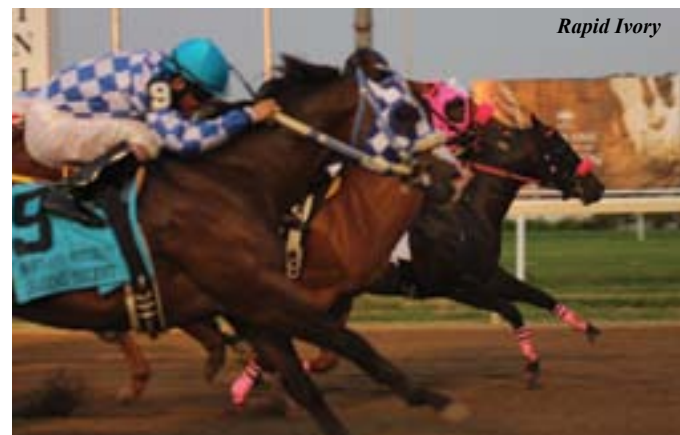

There were 5 Stake races run on July second at Indiana Downs, all had a purse of over \$100,000. These races touted not only the best Indiana has to offer, but included some of the best racing Quarter Horses from around the Midwest and beyond.

THE HEARTLAND FUTURITY
Trials Qualifying 2 year olds-300 Yards-\$115,160 purse

Rapid Ivory

Prior to the gates opening for the Heartland finals, the betting public had this race narrowed down to five horses. The other five were all going off at 15-1 or more. Of the favorites, Ron Raper had both of his picked to be in the mix. TF First Pick was the morning line favorite for good reason, this Dash to First Place colt had set the fastest qualifying time over a solid field in the trials and scoring a 99 speed index. But when the gate opened it was Ron's other qualifier that was to rule the day, Rapid Ivory, a colt by one of the hottest young stallions in the country, Ivory James, and out of the First Down Laveaux mare Rapid Fire Cash. He is now a stakes winner of over \$70,000, sporting a record of 2 wins and 1 second from 3 outs.

Rapid Ivory

This colt never hid his talent, breaking his maiden by nearly 3 lengths and scoring a 92 speed index, but he did look soundly beaten in his trial running second and looking "all out". But Ron Raper and winning jockey Harold Collins went to the front and never looked back holding on by a head in a close three horse photo finish where three heads separated the first three horses.

This nice colt was bred in North Carolina by Albert Wells and owned by

Rapid Ivory

Bobby Byrd. Shortly after the race we caught up with Ron. "Heck of a race. Rapid Ivory ran a good trial, had a little bobble at the start. Today, he stood great with horses acting up on either side of him. Harold did a good job with him. He will get a nice rest until the Governors Stakes at Hoosier Park. I was real impressed with my #6 horse (TF First Pick), he was two lengths out of it, came back and ran 3rd, big race for him. This was an effort by everyone in the barn, all worthy of the win."

Finishing 2nd by a head was Leading Talent. This Prime Talent colt out of the great Special Leader mare Leading Diva is Owned by Alejandro Figueroa, trained by Jorge Luis Mendoza, ridden by Francisco Raul Ramirez, Jr. and bred by Bobby Cox. Finishing 3rd was the above mentioned TF First Pick, the fastest qualifier trained by Ron Raper, owned by Don Jacobs ridden by Tommy Johns and bred by Steve Tate.

The remaining order of finish starting with fourth is SH Sheisadash, Unseen Angel, PT Special Feature, Southern Chicks Man, Minnie Regards, Flippin Fantasy, Eye Slip By. CONGRATULATIONS TO ALL ON A GREAT RACE AND A GREAT FIELD OF BABIES.

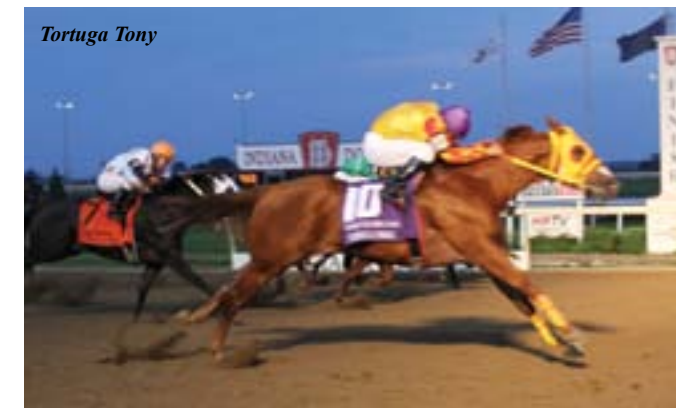

THE QHRAI-INDIANA LIVE DERBY
Open-3 year olds- 350 Yards-\$112,280 purse

Tortuga Tony

Starting at the draw for post positions, through the morning line being set and onto the finish of this race there was very little drama involved in this race. Tortuga Tony (tortuga is Spanish for

turtle) had everything going for him going into the finals. He sported the best race record, looked unbeatable in the trials and had Indiana's all time leading jockey at the helm in Harold Collins.

Tortuga Tony

Tortuga Tony didn't disappoint; going off at a buck forty he went to the front and smoked the field under virtually a hand ride by Harold Collins, winning by nearly a length and running a 104 speed index. This is a really nice three year old and he has the breeding to back it up. His sire, Stel Corona, is a multiple stakes winning son of Corona Cartel and his bottom side is just as good or better. Bred by Paul Jones (Quarter Horse's most prolific trainer in 25 years), Tortuga Tony is out of the Dash To Chivato mare Just Want To Be Me, a stakes winner at Los Alamitos of over \$50,000 and the bottom side only gets better the closer you look. The "Turtle's" 3rd dam is the great mare Shirley B Gayle, stakes winner of over \$600,000.

We spoke to Tortuga Tony's conditioner Jesus Gonzalez Jr. between races. "Good horse, (Tortuga Tony) he is a very consistent runner. I would like to dedicate this win to my family for trusting in me. It was a perfect ride, Harold (Collins) has the experience and the focus. I look to send him to Hoosier Park in the Bradford Stakes, and you never know maybe even the All-American. It's a possibility, we will see."

Tortuga Tony

Jesus is a young trainer who got his training credentials this year and he is making the most of the fine stable of horses his family has turned over to him winning three stake races at the Indiana Downs meet alone. Finishing second was Jessgonnafly, a North Dakota bred? This son of Fly Jess Fly is out of a Toast to Dash mare, trained by Loren Brocka, owned by Isabell Guerrero, ridden by Victor Olivo and bred by Legacy Ranch. Up for third was KT Makin A Tax Move, this Maknmoves gelding is out of the Lanes Leinster mare Lanella, bred in Utah by

Kaylyn Trapp, owned by Gustavo Campos Flores, trained by Victor M. Gonzalez and ridden by Aaron Hunt.

Tortuga Tony made light of a solid field of three year olds, Congratulations to his Connections. Finishing out the field was Speed Smith, Eye Opening Favorite, Missourian, Cash For Braggs, My Corona is Rare, Gottabeme and Streakin to de Money.

THE JAGUAR ROCKET STAKE
Indiana Bred-2 year olds-300 Yards-Purse \$124,800

HQH Burn Notice

Anyone who has trained race horses before can tell you how hard it is, nearly impossible, to win three races in a row. Let alone go three for three with a two year old, but that is just what the 9 other starters were facing in the finals of the Jaguar Rocket Futurity.

HQH Burn Notice walked into the starting gate on July 2nd as an undefeated 2 year old and put his unblemished record on the line against one of the strongest fields of state bred two year olds to start in the Hoosier state. "Burnie," as he is known around the Raper stable, was understandably the overwhelming betting favorite paying his backers only a sixty cent profit on a 2 dollar bet, but he didn't disappoint. This undefeated gelding made it look easy going to the front and extending his lead to a length under the guidance of jockey Aaron Hunt. This gelding not only had Indiana's all time leading trainer, last year's leading jockey Aaron Hunt, but once again he had the BREEDING to back it up. His sire is Indiana's leading sire, Twaynas Dash, a stakes winning son of the immortal Dash for Cash, the most successful sire line in the

HQH Burn Notice

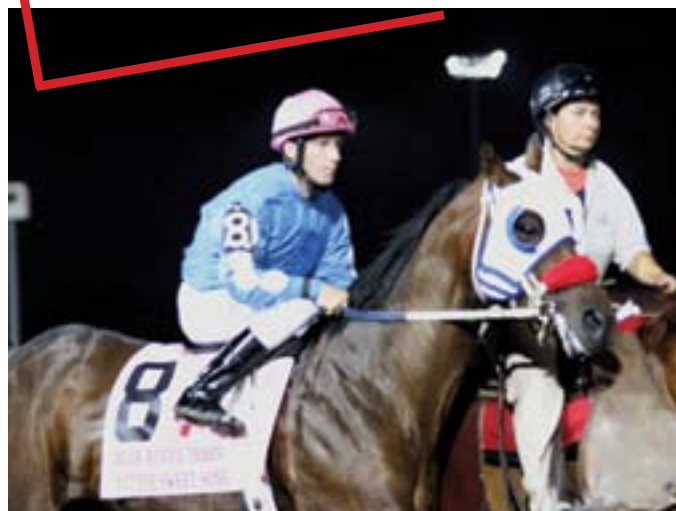

history of QH racing. His bottom side is the Great mare Twayna, dam of Casidy Casanova. Hqh Burn Notice's bottom side is super strong as well, his mother is a Tiny Master Bug mare, Honey Bunny Bug, who herself made the consolation of the All American.

Between races Ron had this to say, "I couldn't have a better owner in the world in David Whitman. Hqh Burn Notice, 'Burnie' is the quietest horse to train, quietest in the barn. Out on the track he is all business. I am just very thankful to have such a great owner. (I) tried to talk him out of buying this horse, but he is just a good honest horse."

Finishing in second was Smart Visions. This Real Visions gelding is a product of the successful Mark Michel Breeding program, he is owned and trained by Dickey Benton and piloted by Julie Veltman. Up for third is Successful Dash, this Cartel Success gelding was bred by one of the nation's leading breeders Bill Price, Owned by Indiana Downs leading owner Randy Thompson in partnership with Darrel Henry. He was ridden by David Brown and was one of 3 qualifiers for trainer Tom Mosley. The remaining order of finish starting with fourth is Bye Bye Corona, Avitarr, Shakem Down Stony, Rarely Scrutinized, Highway to Payoff, Carmens Fantasy and Swiper. Congratulations to the connections of all the qualifiers.

THE BLUE RIVER DERBY

Indiana Bred-3 year olds-350 Yards-\$112,900 purse

Bittersweet Song

Up until the gates opened for the Blue River Derby there wasn't much drama, for the most part the "favs" did what they were supposed to do, but that all changed as Bitter Sweet Song and Air Born Leader had a private match race among a strong field of Indiana Bred Sophomores. The chalk favorite, Lovemelikethat, a stakes winning filly who has never missed the board, got off to a rough start and last year's "Horse of the Year," StoleNLoot, had an erratic trip. Half way through this dash there were only two horses involved and when they hit the line it was a lightly raced son of Agouti, Bitter Sweet Song (20-1) in front by a neck over Air Born Leader who was coming off a recent win in the \$100,000 Born Runner Stake.

Bitter Sweet Song is by the multiple stakes winning son of Corona Cartel, Agouti and out of a stakes winning Shawne Bug mare, Whata Sweet Song. After the race we caught up with Owner/Trainer, Randy Haffner. "I was familiar with this filly last year, the people that had her were having a very hard time getting her going, she became notorious as a "bucker," she would buck out of the gate every time she schooled.

She came up for sale at the Hoosier Park paddock sale, and I bought her. The only two people that were bidding on her were Tom Mosley and myself, he stopped at \$3300 and I went one more time and got her for \$3,400, I think this filly has a lot of talent and will only get better. Rodney did a great job riding her and all the folks at my barn and at the farm caused us to have a great day."

Bittersweet Song

Bitter Sweet Song was bred by Circle S Ranch, ridden by Rodney Prescott and is owned and trained by Randy Haffner. Up for second was Air Born Leader, this lengthy gelding is by Leader of the Class and out of a stakes winning Born Runner mare, Air Born Jazz. Owned and Bred by Randy Thompson, Trained by Tom Mosley and ridden by Shanley Jackson. In third was the favorite, Lovemelikethat. This filly is by Likenothingyoueversaw and out of a Cash Stride mare Mystery Stride, bred by Mark Michel, trained by John McCreary, owned by Cooter Daniels and ridden by Aaron Hunt. The remaining order of finish starting with 4th was; Hit An Awsome High, Feature Me Packin, La Una Viva, Stone Roller, Cant Tell Me Nothing, Big Brown Dasher and StoleNLoot.

Bittersweet Song

This race was a perfect example of what makes QH racing the best, it went off in a 101 speed index, a 20-1 horse won it and the winner was purchased for \$3400. Gotta Love It. Congratulations to ALL.

THE BOB WOODARD MEMORIAL

Indiana bred-4 year old and up-350 Yards-\$109,800 purse

Hooked On Magic

This race, like the Blue River Derby, went against the morning line, Bright Eyed Vision, the heavy favorite finished 6th and Brimmerton Lane, 2nd favorite, finished 4th. But the winner of the last stake run in 2010, Hooked on Magic, showed his class and speed closing in for a neck win and a 97 speed index, not to mention over \$60,000 in earnings.

Hooked On Magic

This gelding was purchased by Jesus Gonzalez at the conclusion of last year's race season, and certainly didn't disappoint his connections, the rumored price is in the \$25 -\$30,000 range and so far this year earned more than double that.

Bred by one of Indiana's leading breeders, Dianne Moster, Hooked on Magic is by the nice stallion Heza Fast Dash and out of the Graded Stakes producing mare Hooked on Clover who is by Hooked on Cash. After a very busy and successful day we were able to talk to the trainer

Hooked On Magic

Jesus Gonzalez Jr. - "(Hooked On Magic), he is all right. Well, what can I tell you, it is our first Indiana bred horse and to win a Stakes race is incredible. Yes, and with Shanley (Jackson) up!" (Hooked on Magic was vanned off after the race, but I got this from Jesus a few days later - that he is going to be okay, he had cut the front of a wrap all the way through either during the race or in the gates.)

Finishing 2nd is Eyes Got Hope, a Circles S Bred son of Mr Eye Opener and out of the stakes winning mare Hope For Me Too, owned and Trained by Gene Cox and ridden by David Brown. Up for third was another gelding bred by Circle S Ranch, Fillemup Phil, this gelding was also a 2010 post race season big ticket item, this year's owner is Brian Gunder and trained by Paul Martin, Aaron Hunt in the Irons. The remaining order of finish starting with 4th was; Brimmerton Lane, Gypsy Effort, Bright Eyed Vision, Mc Dashin Lil Angel, and Burrs Tic Tac. Hez Rare Too and I Is It were scratched. This was a great race, a head, neck and a nose separated the first four in this race. Congratulations to the connections of all these nice horses.
